Info & photos provided by/
Arcubalenu (M) Sdn. Bhd.

Company:
Arcubalenu (M) Sdn. Bhd.

Business:
“Eupnka” by Arcubalenu is a brand that offers
professional weight loss solutions

Arcubalenu (M) Sdn. Bhd.

Arcubalenu - in Italian, bring the meaning of “rainbow”. Our company was established 15 years ago. Our vision is to bring colours to people’s life in good health; to cultivate smarter partners and Prosumers (Professional Consumers).

Arcubalenu first entered into the market with its brand as “Viamore”, and is now known as “Eupnka”. The word “Eupnka” was the reputed exclamation of Archimedes - a renowned Greek scientist. It is used as an exclamation of triumph at a discovery, as it brings the meaning of “I have found it!” With its experiences throughout the years, “Eupnka” has stood strongly on shelves and perfectly matured.

“Eupnka” by Arcubalenu is a brand that offers professional weight loss solutions. Our ultimate goal is to create the “UENI Diet” momentum for our partners and Prosumers to transform their life and ultimately alter the landscape of the weight loss industry.

Encourage to Eat Well and to Live Well

“UENI Diet” is a programme that aligns with our “Right4U” concept that encourages people to eat well and to live well. It is based on the PSMF (Protein Sparing Modified Fast) theory, developed by two leading American scientists in the 1970s.

The UENI Diet revolves around our two premium products - “UENI Protrim” and “UENI Fibertrim”. All of our products are specially formulated to aid your body’s natural biological system in mobilising stored fats - allowing them to be fully utilised. In other words, it does not and will not cause any harm to your body. Our products contain vitamins, minerals, essential fatty acids, trace elements, and many other nutrients that allow your organs to function optimally.

“Eupnka” welcomes you to be part of us, Be your own boss by starting your journey with us towards healthy life with financial freedom.

Arcubalenu (M) Sdn. Bhd. is awarded The 7th Asia Success Award 2017 as “Super Golden Product Award”.

Ernest Yuen
Managing Director of Genesis Spectrum Sdn. Bhd.

R&D by Japan, Made in Japan, Guarantee of Confidence

ODC - a brand specialized in R & D and application of the latest technology anti-aging products is born in July 2016, is inheriting the concept of “Trilogy”, and advocating the skincare concept of exceeding time and space.

ODC anti-aging series skin care product has adopted the safest and the most active hydrogen atom with the strongest oxidation resistance that has been recognized by world medical anti-aging circle, and make use of the latched patent technology that locks and stores the hydrogen atom in water though thirty thousand watts of voltage, special electrical frequency and mineral formula to form the exclusive distinct patented reductive hydrogen water in the world.

Black Technology That Recovery, Maintenance and Culturing Skin Cells

This is a black technology skin care product that was researched and developed from recovery of past skin cells, maintenance of present skin cells and culturing of future skin cells on the basis of reductive hydrogen water, with combination of the latest high-tech safe ingredient with special effect.

ODC reductive hydrogen water series product has the functions for anti-aging, oxidation resistance, skin reduction and cultivation of new skin cells that amaze the world skin care circle and make them unable to keep pace. In 2015, it obtained several national patent applications, which is the exclusive atom-level care product that can really resist aging, recover the skin to achieve the best state and revitalize the best skin cells in the world now.

The predecessor of ODC Biological Technology (Japan) Research Institute was established in 1947 which has adhered to the R&D in making skin cosmetics achieve the best state in the past, at present and in the future.

More Than 10 Years Cutting-Edge Results from Japan

Top medical and biological R & D team form Japan has spent more than 10 years to obtaining the panted hydrogen stabilized water, which has high permeability, stability and antioxidant capacity. It is easy to absorb, helping human body activation and generate complete and active cells. For exchanging the aging and illness cells, power up the life system, recover the physical strength. It makes a significant effect of anti-aging.

Patented hydrogen atom retaining technology – using special electrical frequency to decomposition water by changing current 30000 times per second, it creates oxygen and hydrogen at the same time, and lock the hydrogen within the mineral semi-permanently.

ODC International (Hong Kong) Company Limited is awarded The 7th Asia Success Award 2017 as “Super Beauty & Health Award”.

Features of hydrogen stabilized water: Using special electrical frequency to remove the harmful substance in the water. The moisturizing factors and cosmetic ingredients could infiltrate deeply into the skin through decrease of electrolysis surface tension. Latch the protium in the mineral substance, and could maintain the restoring capacity for a long time. In order to electrolyze water, the mineral substance properly maintaining balance is used as electrolyte.

The basis of ODC hydro water skincare series is the patented “hydrogen stabilized water” containing rich mineral substances, latch the protium in the mineral substance with special technology, and make it stabilize in water. Besides the strong anti-oxidizing effect, it also has many effects as accelerating permeation, whitening and facilitating metabolism, etc.

All ODC products containing no hormones and antibiotics, and get through 41 tests for no hormones and 14 tests for no antibiotics by national certifying body. All products maintain 8 Additive-free, there are no mineral oil, no Paraben, no synthetic perfume, no synthetic coloring agents, no UV radiation absorbents, no alcohol, no phenoxyethanol and no synthetic surfactant.

Definition of ODC

- Remove oxidizing substance is the base of Anti-aging and keeping age.
- Oxide Depleting Cells.
- ODC Initial of Oxide Depleting Cells.

Tenet

Specialized in the R & D and application of the latest scientific anti-aging products.

Mission

For youngness, beauty and health.

Agro Capital Management Berhad The Best ACM Aquaculture Industry

Info & photos provided by/
Agro Capital Management Berhad

Company:
Agro Capital Management Berhad

Chairman:
Dato' Haji Mohd Nasir Bin Baba

Business:
**Trading, exporting and production of
aquaculture related products**

Website:
www.agrocap.com.my
www.facebook.com/agrocapitalmanagement

Agro Capital Management Berhad (“ACMB”) is a public limited company incorporated on 9 June 2014 with a paid up capital of RM10 million.

ACMB is principally engaged in aquaculture development in Malaysia. Our core business is in the trading, exporting and production of aquaculture related products. ACMB is appointed as management partner in a few joint venture projects with the state government. Currently, ACMB operates 500 acres of farm lands located in Pekan, Pahang. The initial flagship project will consist of 19 brackish water ponds on 50 acres of land which is already operational. The current 150 acres of land will, among others, include processing plants and logistical services for the purpose of commercial production of marine shrimp. As for the remaining 300 acre of lands will be catered for the future expansion plan of the company.

World Success 2015-2017
Success Stories

ACMB has committed RM20 million for research and development. We have the intention to expand into a fully-integrated aquaculture company in the future by having our own research and development, hatcheries, aquaculture feeds, grow-out operations, processing plant operations, seafood sales and marketing. This would also help to maximise on the economies of scale and put the company in a good position to capitalise on the profits.

On December 31 2015, ACMB entered into a share exchange agreement with Agro Capital Management Corporation (“ACMC”), a company incorporated in the United States of America and is listed on the OTC Market (www.otcm Markets.com). Pursuant to the share exchange agreement, ACMC issued 30,000,000 common shares to exchange 100% issued and outstanding shares of ACMB, hence completing the acquisition over ACMB. As of to date, ACMC has an authorized stock (authorised paid up capital) of 300,000,000 shares with 102,500,000 issued and outstanding. ACMC aims to be listed on Nasdaq Stock Market by 2020.

Dato’ Haji Mohd Nasir Bin Baba

Agro Capital Management Berhad is awarded The 5th Asia Success Award 2015 as “Super Golden Product Award”.

Offer Wider Range of Products

ACMB shrimps are MesTI certified by the Malaysian Ministry of Health, and ACMB is a registered member of Department of Fisheries Malaysia.

To ensure that the highest quality of shrimps are being produced, ACMB does not use antibiotics or hormones on its shrimps. Instead, probiotics are used to produce healthier shrimps, and all post larvae are specific pathogen free certified. While it is important to maximise the production output of a company, it is also important for our company to play a major role in improving the environment of the farm’s surrounding. Thus, ACMB is gradually converting the farm culture system to a more environmental friendly, biofloc system.

Biofloc system requires zero or minimal water exchange with its self-nitrification process. With the adaptation of this system, the feed conversion ratio is reduced by 50%, and shrimps are able to grow in a higher stocking density environment.

ACMB aims to offer wider range of products to meet the increasing demand of aquaculture products. Apart from marine shrimps, ACMB will also produce Grouper, Red Snapper, Pompano and other marine fishes in the future. To further improve the profitability of the company, we have plans on venturing into food & beverage businesses, and offering seafood products to the retail market directly through our retail brand, Botak Kelong.

Agro Capital Management Berhad is awarded The 6th Asia Success Award 2016 as “Super PLC Award”.

Our Vision

Our vision is to be one of the leading producers and exporters of commercial aquaculture products within the Malaysian Aquaculture Industry.

Our Mission

We are committed to build sustainable business activities to meet local and overseas market demand for healthy aquaculture products.

Chang Wai Kee
Managing Director of Asia Leisure & Car Rental Sdn. Bhd.

LSYMedia Group Sdn. Bhd. The Best Service Billboard Advertising in Central Region

Info & photos provided by/
LSYMedia Group Sdn. Bhd.

Company:
LSYMedia Group Sdn. Bhd.

Managing Director:
Dato' Sri Lim Siang Yoong

Business:
**Indoor & outdoor media
advertising company**

LSYMedia Group Sdn. Bhd. is an indoor & outdoor media advertising company. Outdoor billboard advertising undoubtedly captures a wider mobile audience, especially so, when our locations are in cities, towns and highways along the gateway to the northern and southern states. Our 12 years present structures and choice locations undoubtedly exposes your brand and services closer to the consumers.

LSYMedia Group offers high quality billboards, delivering high impact advertising, to build brands and drive sales. We are dedicated to quality and creativity, getting our client's advertising in front of the right audience, at the most competitive rates, and to deliver maximum returns on their investments. Our expertise gained over the past eleven years means we understand how to project a powerful and effective advertising campaign.

LSYMedia Group enables "BRANDS" to meet and engage with people when they are out and about. The general perception by new and small companies is that advertising on a giant billboard is a costly affair, and this would only be within the reach of large corporations. We, at LSYMedia Group have made it a point to dispel this mindset, by bringing this advertising medium to a majority who have until now thought it impossible to go on a giant billboard.

When you engage with LSYMedia Group, your vision is made possible, because we make it affordable, by introducing the x12 months package and clients are not burdened by a large cash outlay. Instead, they pay monthly installments.

LSYMedia Group is a one-stop center, "from concept to installation". To expedite the entire process, our clients can engage the services of our in-house photographer and graphic designer. You can be assured of our satisfactory service and prompt response. At prescribed periods we inspect our installations, and carry out maintenance work such as repairs to damage incurred, and removal of any obstruction caused by overgrown trees or undergrowth.

Corporate Philosophy

LSYMedia Group contributes to the sustainable development of society through our business activities that we carry out in the country and region.

We develop and provide innovative and high-quality products and services that meet a wide variety of customers’ in order to build a reputable presence in the country’s out-of-home industry and proud of its reputation for trustworthiness and reliability in both, product and services.

Vision

LSYMedia Group’s vision is “to be the leading billboard and related services company nationwide. We uphold the customer-centric principle to deliver best quality and total valued solution to customer, driven by fast delivery and distinctive marketing strategy. We satisfy our customers’ growing needs, by affordable financial consultancy and reliable maintenance policy, enable years of their mass visibility”.

Mission

We will strengthen our leadership position through a shared value culture of employee by passionate workforce and corporate social responsibility. Each member of this company is great human capital that stimulates innovation, teamwork and continuous learning, dedicated to improving the quality of life; while sustaining the quality of business, to inspire, educate and problem-solve for customers, provide better ways to achieve more, as this is our lifelong career.

LSYMedia Group Sdn. Bhd. is awarded The 6th Asia Success Award 2016 as “Super Service Quality Award”.

Pacesetter

To set a challenging employee goal, building on previous years’ success and to make a strong corporate commitment and enchain corporate value while achieving stable.

Customer Centric

To forge partnerships with our customer and strive to exceed their expectations.

Human Capital

To emphasize on human capital value and foster corporate culture and policies to enhance our team strength.

Social Responsibility

To promote and engage both individually and partners in social contribution activities that help strengthen communities and contribute to the enrichment of society.

Our main purpose was concentrate on education, to train next generation has a good concepts, morality, a good thinking continued to heritage. This is also contribution to society.

Way To Success

LSYMedia Group always innovation concept to enhance the stability and accountability of the organization as well as help to adapt and growth in the market place.

We provide indoor and outdoor billboard advertising, it was challenging to convince the audiences or client to get our advertising expertise. Also help clients to expose customers about their products or services through billboard advertising.

In business sphere, need to generating new idea and planning to enhance the performance of our own organization. From north to south, many billboards under the name of LSYMedia. It must be through a variety of procedure to achieve our goals. The method of x12 month rental is the milestones for the company to stand up a outstanding image. This became a major factor for the existence of competitive advantage with others company also a chance to attract more new customers.
